

## Governor of New Mexico

Prominently spoken of  
as material for the U.  
S. Senate.

The man who 'set his  
face like flint' against  
exorbitant salaries for  
inefficient services.

HON. R. F. LOVE, candidate for re-election to the legisla-  
ture. One of the staunch Democrats who prevented the leg-  
islature from "putting one over" the governor

## Gov. McDonald Will Speak

Hon. Wm. C. McDonald, first gov-  
ernor of New Mexico, the man who  
has lifted the Democratic party in  
this state to a higher plane; the man  
who has endeavored himself to the rank  
and file of all parties, will deliver an  
address to the public at Lovington,  
Aug. 12.

The governor may or may not men-  
tion the matter of new counties, but  
let's remember that there are other  
questions of general interest to all  
taxpayers throughout the state, such  
as tax reform, education, good roads,  
high salaries, etc. Our question of a  
new county is local, and these other  
questions are general. The question  
of the formation of new counties has  
been, however, to become almost a  
general one in the near future in  
New Mexico, and we predict that the  
governor will refer to the matter, at  
least in a general way.

You cannot afford to miss the gov-  
ernor's speech. Bring the boys and  
let them hear. Come yourself, and  
listen, and if you are a democrat do  
what you can toward showing your  
appreciation of his visit; McDonald,  
who stands for the rights of all. He  
is your governor as well as theirs.  
The Governor will speak the first  
day, Aug. 12.

## The Barbecue

It is no doubt well understood by  
this time that there is to be three  
days of the picnic. Don't forget,  
however, that the last two days only  
will be free barbecue. On the 13th  
and 14th, there will be barbecued  
meats and bread for the public, free.  
The meat alone for this occasion will  
cost many hundreds of dollars, and  
this, and many other expenses must  
be paid, of course, by our citizens. So,  
we'll want you to feel free, eat drink,  
and be merry, we'll look for you.

## No Airship

All our efforts to procure an aéro-  
plane flight have failed. The man-  
ager of the first company we were  
dealing with was killed in Okla-  
homa since negotiations began. The  
other companies were all too high,  
asking a high deposit of \$500.00 to  
\$1,000.00. We should have probably  
dealt with the first company at  
\$500.00, but the manager lived. The  
Commercial Club and citizens of  
Lovington were willing to make a  
large deposit on this proposition, in  
order to secure an airship flight un-  
der the management of this time.

## That Parade

Now, all please understand that  
Lovington is not a city. She can't  
do things just as they ought to be  
done, but Lovington's record is behind  
her.

We have planned a parade, chiefly  
out of honor to our governor, and  
this parade, or most of it, will be  
there with the goods.

The general idea, discussed and  
approved by the Commercial Club is  
as follows: The parade will form near  
the school building, under the super-  
vision of a field marshal, which field  
marshal will be under the supervision  
of the arrangement committee. This  
parade will form near the school  
house, with the following order: First,  
and in the lead, old soldiers, mounted  
on horse back; second, the Jayton  
band in action; third, the governor and  
escort in autos; fourth, decorated  
autos, which may be led by McAllister  
with six of his invincible "Fords,"  
followed by Howard C. Keer with  
several Buicks, placarded "The Big  
is the Car that brings the Plains mail,  
hail, rain, or shine." Following this  
will be a long line of autos, decorated,  
and other wise, with suitable decora-  
tions and insignia. Along in the line  
somewhere will be a float by the Ro-  
well Register Tribune and the Lo-  
vington Leader, both weeklies, the one  
a state and the other a county paper,  
the combined price of which is \$1.75  
for one year. Following this will  
probably be the "Masquers," a phal-  
lax of mounted fun lovers, in weird  
costume, with faces masked, and wear-  
ers full of fun on this point, and be-  
fore we forget, postmaster Shepard  
will have at his store large quantities  
of paper and flags for decorative pur-  
poses, and also dozens of false faces  
for sale at about 15 and 20 cents each.  
One coming in late, may jump quick,  
buy a little paper or flag, and de-  
corate their autos, or may jump quick  
and buy a face, and ride, even with-  
out costume, and help to make fun  
for the crowd.

And, say, old Bob will be in line.  
Look out for old Bob.  
The parade will move from the  
school house west to main street,  
thence south along west side of the  
square and south to south street, thence  
east to Love street, thence  
north to the south east corner of the  
square, thence west and north along  
the south and west sides of the square  
to the governor's stand, where it will  
disband.

After safely landing the governor,  
Rev. Cunningham will introduce P. S.  
Eaves, a clerk of the Lovington Co-  
mercial Club. Mr. Eaves, in a most  
short speech, will introduce the Gov-  
ernor of New Mexico, the Hon. Wm.  
C. McDonald. The governor will ad-  
dress the audience. This will end  
the governor's appearance of Aug. 12.

A. J. Lamm of Mesquite was  
in town today. He says gov-  
ernor McDonald is a very  
good man, and that he is very  
popular.

## Read This, Old Stingy.

There are, stuck around in a few  
places here and there, the old  
mosaic farmer, "fossilized of  
mind," who won't get up and give  
a few dollars to promote as good a  
thing to himself as the agricultural  
exhibit. It always happens that  
the more intelligent and thrifty  
must take such pig heads by the  
hand and lift them out of the mire  
of ignorance.

The Farmer's Supply Co., of  
Roswell, who handle farmers  
supplies, understand and appre-  
ciate such enterprises, and have do-  
nated \$5.00 to assist in paying  
premiums for agricultural exhibits.  
Of course these people wish to be  
remembered with a share of our  
trade, but that is exactly the way  
to make themselves remembered.  
A man or woman just can't suc-  
ceed and be chinchy. Get busy  
and be liberal.

## An Exhibit

Miss Rosaie Dean, who is a late  
arrival in New Mexico, has placed  
in the hands of the Home Needle  
Work committee, a couple of  
specimens of her handiwork which  
is illustrative of what natural taste  
and pains taking effort may do.

One is a flower pillow on which  
is worked an American Beauty  
Rose worked in Richardson silk,  
and ground of ecru. The other is  
a beautiful center piece, of similar  
design and hand work. These  
specimens are the product of a  
hand untrained in a college or in-  
dustrial school. Miss Dean "picked  
it all up at home." The spec-  
imens are valued at \$10.00 each.  
They are now at the home of Mrs.  
Sharpe, where they may be seen.  
This should encourage others to  
come forward with something in  
the line of needle work.

## The Dance

Tom Jackson has bought the dance  
right, and will prepare an air dome  
25x80 feet in which to pull off the  
dance. He has engaged a stringed  
band from Roswell to make music for  
those who are fond of the terpsich-  
orean art, and a swell time is prom-  
ised to all who wish to indulge.

## Melons And Fruit

While no special arrangement  
have been made, because uncer-  
tain, from information at hand it  
seems likely that there will be an  
abundance of melons, cantaloupes,  
and possibly apples and other fruits  
brought here in wagons and offered  
for sale. And there will be sale for  
many wagon loads. So, should you  
think our grub a little short, you  
will be able to regale your-  
self with melons and fruits.

Mr. Arnold is at home now.  
Mrs. W. A. Wells has been very  
sick.

## Spider Moffatt Will Fight.

Spider Moffatt, of San Francisco and Johnny Connolly  
of Roswell have been engaged to pull off their bout again, at  
Lovington, during the picnic, Aug. 13 14. The fight at  
Roswell was a draw, and many were surprised. Some are  
now high in the belief that Connolly will defeat Moffatt, and  
others say Moffatt will redeem himself. This is going to be  
one of the biggest events in the program of the Lovington  
Carnival.

## Local Talent Concert

Each year since Lovington has  
been pulling off her annual picnic,  
there has been a most enjoyable  
little local talent play which has  
never failed to lease. The public  
has always stood ready to patron-  
ize this, and from this source comes  
a part of the money which is to  
pay expenses of entertaining the  
public.

On the first and second evening  
of our picnic, Aug. 12, and 13, the  
local talent play people will put on  
another play. It will be given in  
air dome where it will be nice and  
cool, and prices made as reason-  
able as possible. Don't forget to  
ask about the local talent play.

## Wild West Show

Clay McGonigill is on the job,  
and roping goats, calf branding,  
bronco riding, etc, will be the or-  
der each evening for three days.  
Clay has a long list of ropers  
booked, a gintery lot of calves to  
brand, and a fine lot of high jump-  
ing broncos.

## Dow Saturday Night

Robert Dow, of Carlsbad, candi-  
date for the legislature subject  
to action of the primaries, will ar-  
rive on the mail car Saturday even-  
ing, Aug. 1, and will address the  
voters at the public school build-  
ing at 5 p. m. Mr. Dow is a rising  
young lawyer, a Democrat and a  
gentleman of excellent standing in  
his home town. Mr. Dow seems to  
be a gentleman, and in earnest about  
the matter of tax reform.

He will out line his faith to the  
voters of Lovington at the school  
building Saturday evening at 5 p.  
m.

## Fun For The Kid's

A man from Texas has bought  
the novelty right, and will be on  
hand with toy balloons, riding  
whips, return balls, confetti, walk-  
ing canes, squeaking whistles, and  
just lots of things to make help  
make fun for the kids.

## Ball Game

So far no ball game has been  
secured for our picnic, but it is certain there will be  
several interesting games. And ef-  
forts are still being made to pre-  
cure a game between the city  
teams, and such will probably be  
the case.

Things are doing in old Stanton.  
I've the same in Baltimore;  
Coke can't outdo round health.  
As it did in days of yore.  
Things are doing around Atlanta.  
All through Texas they are still.  
And there is little stirring  
In the town of Louisville.  
Things are dull in Cincinnati,  
New York City, Brook a too.  
And in Milwaukee's foamings limit  
There's but little work to do.  
And in the fact of all such trappings,  
It don't seem amiss to say,  
That where ever you are going,  
Be, you had better stay away.

The Irish Rambler.  
Aw, C. me to Lovington—Ed.

## Calaboose

The ladies of Lovington, contem-  
plating the largest crowd in our  
history, have asked the Club to  
take steps to preserve the usual  
reputation of Lovington for law  
and order. The arrangement  
committee therefore, has arranged  
to have erected a calaboose for the  
purpose of being in a position  
to deal summarily with hoodlums  
and distributors of the peace.

A full corps of officers will also  
be on hand, and it is hoped these  
precautions will have the effect of  
amply protecting the public who  
come to enjoy themselves quietly.

## Horse Races

No set programme has yet been  
fixed, but it always happens that  
there is a goodly lot of racers  
present, and good bunch of race  
admirers, so that it may be expect-  
ed that there will be as many races  
as there can be found time for,  
and some of them such as will be  
attractive to lovers of fast horses.

## Harness Race

Zola Rex, one the fanciest drivers  
on the Plains, proposed to move  
against all comers in harness, or  
against time. There are some  
other good horses around Lovington  
which may be in evidence.  
Old Rex will probably be in the  
parade.

Dr. Rose again;—Dr. Rose, the  
dentist of Roswell, will be in Lo-  
vington Aug. 10, 11, 12, 13. At  
the office of Dr. Gallatin.

We want to buy from 2000 to  
5000 young ewes. Price must be  
right. Give number, age, and  
price in answer.

The Hull agency, Carlsbad N.  
M. Send your bill to this office.  
Yours truly,

W. H. Hull, Agency.  
Dr. Rose Again: Dr. Rose, the  
dentist, of Roswell, will be in Lo-  
vington Aug. 10, 11, 12, 13. At  
the office of Dr. Gallatin.  
Dr. Rose Again: Dr. Rose will be  
in Lovington Aug. 10, 11, 12, 13.  
At the office of Dr. Gallatin.  
Bring them in and get a good  
price while the market is right,  
chickens fry for the 12, 13, and  
14, for Aug.  
Townsend Bros. O. N. T. Cafe.

## The Movie

Postmaster Shepard and L. W.  
Moor have arranged for a first class  
motion picture show for the picnic.

One of Mr. Moor's player pianos  
will probably furnish music for  
the shows. The movie will be  
placed in a building and operated  
day and night, at most any time  
when one finds the moments drag-  
ging wearily, he may drop in, see  
a bit and be entertained.  
The prices will be popular.

The Presbyterian meeting has  
been in progress since Sunday  
night. An usher was engaged on  
the south side of the church to  
break the sunshine. The services  
of Rev. Davis are being and fore-  
fel, and the congregation good.

County commissioners and the  
Eddy county road board will also be  
represented at the meeting. The fi-  
scal association is organized for work  
and will open an active campaign at  
once for the a comprehensive road  
system for the county. The big  
highway through the county, a road  
east and west, and other needed roads  
will be promoted. The members are  
in earnest and start out with the de-  
termination to get results. Vice  
president have been named at nearly  
every point in the county outside of  
Artesia and Hope that will have as-  
sociations of their own.—Roswell  
Record.

## Lumber For Lovington

There has been so much de-  
mand of late for lumber at Lo-  
vington that the Lovington Hard-  
ware Store has decided to put in a  
stock of lumber. They will try to  
carry a full line, that is, such line  
as will enable them to figure on  
complete residence and business  
structures, such as are usually built  
out here.

This will be quite an advantage  
to all, as many often need lumber  
and had rather pay the price here  
than to haul it from the road.
